

## SPORTS AND ENTERTAINMENT

### Talented Lawyers For Athletes & Performers

Sports law can often be viewed as the application of other areas of law to the world of both amateur and professional sports. Sports law often involves labor, antitrust, contract and tort law. Entertainment or media law similarly involves a myriad of legal disciplines applied to the entertainment industry. Entertainment law frequently involves intellectual property law and defamation, first amendment and right of publicity issues. It can also involve labor and employment law, corporate finance, bankruptcy, insurance, and many other areas of law. >> [Lawyer Locator](#)
